BELLE GLADE—PAHOKEE, FL

Fun in the hot summer sun Nursing home to reopen soon

By BRENDA BUNTING

With the summer months stretching ahead, parents and children alike are wondering what to do during the long summer days.

According to Mike Underwood, recreation Coordinator for the City of Belle Glade, a variety of events are available to keep the young people in the communities of Belle Glade, Pahokee and the City of South Bay active and happy.

A recreation program will be held at Airport Park and Lake Shore Park sponsored by the city. It will include basketball, tennis, softball, baseball and volleyball from 8:30 a.m. to noon. Racquetball will also be offered at the Airport Park facility.

The Lake Shore swimming pool will be open during the summer months from 1 to 3 p.m. and the price is 50 cents. The children can then pay an additional 50 cents and swim from 3 to 5 p.m. The pool closes until 7 p.m. and reopens until 10 p.m.

Swimming Lessons are being given in the morning hours at the pool with a session starting at 8 a.m. till 9 a.m. and from 9 a.m. till 10 a.m. This is a two week course from June 16-26. The cost is 50 cents per day for the lessons.

The Belle Glade Library will be sponsoring a summer program according to Phyllis Lily, librarian. The theme is "Get on the Library Express." The program began June 16 and will run through August 7, with the following activities: Tuesdays, 11 a.m. Arts and Crafts; Wednesdays, 3 p.m. Storytelling; Thursdays, 11 a.m. Arts and Crafts; Fridays, 3 p.m. Movie. For more information on the Library program contact Ms. Coleman at 996-3453.

The Loula V. York Library in Pahokee will be starting a reading program on June 23 through July 28 from 10 a.m. till 11 a.m., according to Mrs. Harvey librarian.

Glades Skate World is open during the summer to youths for a fee of \$2.50 from 1 to 4 p.m. on Tuesdays and Thursdays and the rink can be rented for groups for the morning hours. The Saturday hours are from 10:30 a.m. to 1:30 p.m. and the cost is \$2. It reopens at 1 p.m. on Saturday and goes until 4 p.m. and the cost is \$3.

Glades Fitness Center is offering a children's gymnastics program at the center for various age groups. The classes start June 16 and will run through July 30. There are still some vacancies. East Lake Middle School in Pahokee is offering a summer band program in conjunction with the summer school programs. That will be June 15-July

THE LONG, hot days of summer can be made more bearable if you have a place to play and beat the heat at the same time.

BELLE GLADE — If all goes as planned administrators at Sunset Heights Nursing Home located at 200 S.W. Ninth St., Plan to reopen the only nursing home in western Palm Beach County within a few weeks.

The State Department of Health and Rehabilitative Services (HRS) ordered the nursing home closed when several irregularities were discovered after a patient, Mrs. Roxie Whitehead, 85, was killed in a May 2 fire in her room.

As a result of the closing of the facilities, patients at the home have been transferred to nursing homes in Kissimmee, the John Prince Nursing Home and the Kissimmee Convalescent Center. One patient was moved to Clewiston and the rest are remaining with family members.

Mrs. Ida Mizell, assistant administrator said all of the deficiencies have been repaired except for the nursing call station.

Mrs. Mizell said Monday, parts to fix the system had to be obtained from Miami and the repairs should take only a couple of weeks.

The 25 person staff will take a two week vacation starting Thursday while the repairs are completed.

Mrs. Mizell said this is the first time any patients have had to be removed

from Sunset Heights Nursing Home for any reason.

During the transferring of patients to Kissimmee Thursday, several were over heard saying they did not want to go.

Willie Sheppard, 68, said he did not want to go to Kissimmee. A patient at the home for two years, Sheppard said he had been treated fine at the home and expects to come back to Belle Glade real soon.

Jeff King, 72, a resident of the home, cried Tuesday when he was told he had to make the 140 mile trip to Kissimmee.

HRS officials said Kissimmee was the nearest facility with available bed space.

Mrs. Mizell said within a couple of weeks she will be calling HRS officials telling them the center is ready to open once again and ask for an inspection.

IN addition to the repair to the nursing call station, HRS cited an inadequate fire alarm system and insufficient licensed or registered nurses.

Mrs. Mizell said the nursing personnel problem has been corrected as have a number of safety violations cited by HRS.

Chamber makes plans

A new city brochure and rule formulation for the Citizen of the Year and Ag-Industrial Man of the Year were two topics discussed at the regular Belle Glade Chamber of Commerce meeting last Thursday.

The chamber formed a committee to examine the booklet idea, and solicited nominations from the public for its annual Citizen of the Year and Ag-Industrial awards. Anyone with nominations

or ideas for the awards can contact chamber Secretary Jewel Crane at the Chamber of Commerce Building. The chamber also voiced doubts that the Kilo

Briefly

Pahokee tourney set

Cosch Eddie Buckner of Pahokee High School announced Tuesday, June 16, that the annual summer softball tournament to benefit the Lady Blue Devil track team will be held this weekend at Padgett Field.

Teams from Belle Glade, Pahokee, Clewiston, Boynton Beach, Lake Worth, West Palm Beach, and Fort Pierce will be taking part.

Play begins at 7 p.m. Friday and continues until 11, resuming Saturday, June 20, at 9 a.m. until 11 p.m. and concluding Sunday, June 21, 9 a.m. to 6 p.m.

68 pounds of bass landed

Tony Aiken and C. Love finished first in the state championship bass tournament held in Belle Glade this past weekend, by landing 68½ pounds of bass during the three day tourney, ending Sunday. They took home a \$600 first prize.

Second place went to Tal Owens and Freeman Lee with 54 pounds, 2 ounces of bass. Third was Paul Palmer and Jim Fowler with 24-12, and fourth were Carol Head and Larry Steele with 18-2. Jim Fowler took top honors for the largest single fish caught with an 8 pound, 13 ounce lunker.

Nuclear sewage plant proposed

By JIM JONES

A Palm Beach Junior College director has suggested using gamma radiation emitted by cesium 137 — a waste product of nuclear generating plants — to treat sewage produced by the cities of Belle Glade and South Bay in lieu of other methods, including deep well injection.

Dr. David D. Woodbridge director for the PBJC Cahall-Alcohol project, made the proposal Wednesday, June 10, in Belle Glade City Hall in a public hearing called by the Glades 210 Technical Advisory Committee to hear comments on the proposed second addendum to the Palm Beach County 201 Facilities Plan.

Under the addendum, Briley Wild Associates is to study and make engineering recommendations concerning the type of "separate unit processes" to be used by the City of Belle Glade in the treatment of its sewage.

The cost of the proposed project is \$27,750. The Environmental Protection Agency would pay 75 percent of the cost and the City of Belle Glade the remaining 25 percent.

Ronald E. Sigmon, Belle Glade public works director who chaired Wednesday's meeting, said the first addendum resulted from the EPA's ruling that the 201 plan was not cost effective and that Belle Glade and South Bay should share a common disposal site.

Wednesday night, the advisory committee went on record opposing county ownership of the proposed disposal facility and opposing designation of Palm Beach County as lead agency in the design and construction of the facility.

Rod Reardon of Briley Wild Associates said his firm intends to address cost analysis to the plant; to

re-evaluate hydraulic parameters; to determine the impact of 1980 census figures on facility design; to evaluate peaking factors; and to analyze alternate treatment processes.

He called the evaluation of treatment alternatives the heart of the work to be done. Aquatic plants will also be investigated for additional nutrient removal at the request of Belle Glade City Manager Rolfe Wagner, Reardon said.

Operation and maintenance costs, capital and power requirements, and sludge processing and removal will all be investigated, he said.

Sigmon said that the EPA has questioned the need for a deep well injection system. Local planners are trying to establish the waste load allocation for the Glades area.

Dr. Woodbridge then followed with his proposal to irradiate Glades sewage, illustrating his presentation with bar graphs and mathematical formulas.

Woodbridge called deep well injection a time bomb, saying that an underground disturbance could bring the untreated sewage to the surface. Woodbridge cautioned against "throwing away energy and water."

Irradiation of raw sewage saves energy and water and provides a construction use for nuclear waste.

Cesium 137 is a pure gamma ray emitter. When placed in water, cesium 137 produces hydrated electrons, one of the most reactive ions known, and "tears the living daylight" out of any organism, be it virus, bacteria or toxic material, he said.

Gamma rays knock electrons off molecules of water, creating a shock wave much like a sonic boom. This is responsible for the glowing, blue light characteristic of underwater nuclear materials.

Woodbridge said irradiation knocks out chlorine,

cyanide, phenols, dioxin, and other hazardous materials. He noted, however, that irradiation removes neither heavy metals nor nutrients — nitrogen and phosphate — from waste water.

He proposed planting thousands of acres of cattails, which would remove the nutrients and the heavy metals from the waste water. The roots of the cattails could then be used to produce alcohol, a process already underway elsewhere, including Lantany Boatyard, Inc. where Woodbridge maintains an office.

He called cattails "concentrators" of heavy metals and nutrients and said they would not adversely affect the alcohol production process.

Woodbridge said that a previous irradiation system was installed in 1969 for Lykes Bros. Fishpacking Campground in Glades County, which was capable of treating up to 10,000 gallons of sewage daily.

The gamma ray emitter was removed from the facility in 1975 for analysis, which showed that the material could have been used for another 100 years, Woodbridge said.

Woodbridge called the long half life of gamma ray emitters all advantage. A long half life means that the same material can be used for over 100 years to treat sewage.

Woodbridge said there is absolutely no safety problem with using cesium 137 and that the material does not make the water radioactive.

"We never found one bit of radioactive water," Woodbridge said of the Palmdale project.

The Advisory Committee thanked Woodbridge for his proposal, but gave no indication that it favors irradiation or any other treatment method at this time.

Childrens events planned for Freedom Festival

PAHOKEE — The Third Annual Freedom Festival, sponsored by Pahokee Chamber of Commerce, will kick off with a bang on the Fourth of July with a Children's Fishing Tournament at 7 a.m. at the

Pahokee Harbor.

Meeting at the Chamber of Commerce office on Monday, June 15, Marvin Averill, one of two harbor masters at the Pahokee Harbor, presented the Board of Directors with plans for a children's fishing tournament scheduled from 7 a.m. to noon.

Averill said the tournament will be broken into three age groups and a \$2 registration fee will be required for all youth participating in the tournament.

The registration will be held the day of the tournament. Bait is included in the registration fee.

Averill said each fisherman must supply his or her own pole and tackle.

Prizes will be given for the largest fish caught and the highest weight for all fish caught.

There will be a boy and girl category for each age group. The age groups will be from 4 to 6; 7 to 12 and 13 to 16.

Youth in the age category of 4 to 6 will only be required to fish 7 to 9 a.m., said Averill.

All youths wishing to participate in the tournament must be accompanied by an adult.

In other business before the Board, Ray Hatton announced a tentative schedule of

events for the annual celebration.

Hatton said following the fishing tournament a gospel concert from 11 a.m. to noon will take place atop the Herbert Hoover Dike.

Hatton said various events will continue throughout the day with the program concluding with Shirley Wagon singing "God Bless America" following the fireworks display.

An awards ceremony will be held at 3:30 p.m., with the awarding of prizes to winners in the fishing tournament and the raft races.

Hatton said first, second and third place plaques will be awarded in the raft race contest.

Providing the lake level has risen, Sunshine Watersports, Ltd., a skiing club from Belle Glade will put on a show from 1 to 2 p.m. The raft races will be held from 2 to 3 p.m.

One of the highlights of the show, the Country-western concert featuring Lonnie Jolsen will be held at 5 p.m.

Phelix Slonaker, building inspector with the city of Pahokee, said the fireworks show will start at 8:30 atop the dike and beginning a 1 p.m. fireworks will be shot off at the top of each hour.

The Freedom Festival will end with an adult dance

at the Pahokee Elks Club from 10 p.m. to 2 a.m.

Simon Train and the Lonnie Jolsen Band will be providing the musical entertainment.

Tickets are \$7.50 per person and can be purchased from any member of the Elks Club.

Hatton said plans call for a "Dunk the City Officials of Pahokee" game and a jailhouse along with other activities.

Doris Wetherington said various community organizations will have booths at the festival and each booth will be selling varied food items.

Persons wishing to obtain a booth at the festival must contact Mrs. Doris Wetherington. Ten percent of the proceeds are payable to the Pahokee Chamber of Commerce.

Diane Hall said the T-shirts for the festivals will go on sale Monday, June 22 and the prices are:

- Children's ringer's \$4.50
- Adult ringer's \$6
- Adult Athletes Shirts \$8

The shirts can be purchased from the Pahokee Chamber of Commerce Office or Ms. Hall.

The next Board of Directors meeting to continue work on the Freedom Festival will be held at noon, Monday June 22 at the Pahokee Chamber of Commerce.

Man charged with drug possession

Det. Robbie Bronson and Patrolman L.D. Grieve of the Belle Glade Police Department charged Wayne Rufus Terry, 27, with possession of less than 20 grams of marijuana and possession of cocaine Thursday, June 11.

Bronson said Terry was observed selling something from a brown paper bag. He was apprehended and four packets of cocaine and four nickel bags of marijuana were found in the sack. Bond was set at \$3,000.

Chamber—

Continued from 1

Boat Race, scheduled for June 27-28, would have enough water in the rim canal at Lake Okeechobee to operate. The South Florida Power Boat Association is sponsoring the Tory Island event at the Belle Glade Marina. The chamber discussed notifying the association about the low water levels.

In other business the chamber: • discussed letting the community's churches erect a community church sign on the chamber's property at the old Chamber of Commerce Building.

• reported that the chamber's Black Gold Jubilee Cookout made about \$1,600 for the chamber.

• acknowledged that the idea of a retail merchants committee has not generated much interest among businesses.

• reported that it now has 244 members, up from 234 at this time last year.

Sixteen new members joined this month, down from 20 new members last year at this time.

• voted to look into resigning the old chamber building, possibly fixing the roof.

Summer fun—

Continued from 1

24. Monday, through Thursday, 9 a.m. to 1 p.m.

Grove Elementary is providing summer school for the West Exceptional Education Center that also includes excursions to the Lake Shore Pool as well as other activities.

Summer camp is being offered by the Florida Youth Camps sponsored and operated by the Game and Fresh Water Fish Commission. The cost is \$75 per week and activities include nature crafts, fishing, hunter education, archery, natural history, camping, hiking, canoeing and water sports.

Camp schedules run from June 14 through Aug. 8 at the Ocala Youth Camp and the Everglades Youth Camp.

Everglades history... Taken from Herald-Observer back issues

By BRENDA BUNTING

TWENTY YEARS AGO

June 15, 1961
Glades Observer

The County Commission that week concurred in a request by the Pahokee Chamber of Commerce calling on the State Road Department to complete the survey for the improvement of the Highways 441 and 715 through Pahokee, and for the SRD to furnish right-of-way maps showing the proposed routing of the road through the city.

The appointment of James L. Tyson, Jr. as judge of the new Magistrate's Court for the Glades was confirmed by the Governor.

Rev. Roger Shelley spoke on "The Old and the New South" at the weekly dinner meeting of the Canal Point Lions Club in the Community Building.

THIRTY YEARS AGO

June 15, 1931
The Everglades News

Palm Beach County support for the improvement of the Belle Glade Airport was approved by the County Commission.

The Pahokee Housing Authority requested from the federal government the construction of 228 more low-cost housing units, according to the announcement by James W. Vann, PHA executive secretary.

The Cattlemen's Association met at Bell's Restaurant in Belle Glade for a dinner meeting to discuss important business.

Mrs. G. Schweizer has returned to her home in Maywood, N.J., after a two week visit with her son-in-law and daughter Mr. and Mrs. O.M. (Mack) Murphy, in Pahokee.

FORTY YEARS AGO

June 13, 1941
The Everglades News

As a parting gift to the Pahokee High school, the senior class of 1941 presented to Principal D.D. Caudill a check for \$100, out of a surplus fund which

it found it had after meeting all its current bills.

A large group of Pahokee and Canal Point citizens met in the school cafeteria in Pahokee and formed the Pahokee-Canal Point area defense council.

Abe Dobrow, proprietor of the Prince Theater in Pahokee announced that arrangements had been made for installation of a new air-conditioning system in the new Prince building.

FIFTY YEARS AGO

June 12, 1931
The Everglades News

Preliminary survey of the Canal Point, Pahokee and Belle Glade districts was being made by the Southern Belle Telephone Company as basis for decision as to what further action would be taken on the request made by citizens of these communities that the company install a local exchange.

Assurance was given that the 50 miles of road between 20-Mile Bend and Canal Point would remain free of toll.

Glades General Hospital is accredited

BELLE GLADE — Glades General Hospital has been awarded a Certificate of Accreditation by the Joint Commission on Accreditation of Hospitals (JCAH).

Patrick Lennon, Administrator, said Glades Gen-

eral was evaluated during an on-site visit by a team of JCAH surveyors who conferred with the professional staff.

Accreditation means that Glades General Hospital has voluntarily implemented programs

which assess the quality of patient care in which they provide and that those programs meet the national standards of the JCAH. The accreditation program assists facilities in pursuing high quality health care through education,

evaluation and consultation.

The Joint Commission on Accreditation of Hospitals is a private, non-profit organization created by and composed of health care professionals. It is governed by representa-

tives from the American College of Surgeons, American College of Physicians, American Dental Association, American Hospital Association and American Medical Association.

"We're saving about \$30 a month on our electric bills."

Mr. and Mrs. Pruthi of Boca Raton aren't really surprised they're saving money on energy. You see, when they decided they wanted a new house, they also decided it must be one with maximum energy efficiency — and maximum comfort. Naturally, they picked a Watt-Wise Living™ home.

What's Watt-Wise Living? It's a combination of features that meet FPL's energy-saving standards and can be easily included in the construction of a new home. Over a period of years they can save you substantially more than they cost. Naturally, how much you save will depend on your lifestyle and conservation efforts.

Watt-Wise™ homes have cost-saving features like extra ceiling and wall insulation, solar or heat-recovery units for water heating, a higher-efficiency air conditioner or heat pump, power savers like fluorescent lighting and a microwave oven, and thermally efficient windows and doors, (with glass areas planned to minimize heat build-up).

Today, there are many ways to save on electricity without giving up comfort. You'll find them in FPL's Watt-Wise Living Program. Stop by your local FPL office and pick up a free brochure. Today, it's one of the wisest investments you could make.

**Watt-Wise Living. It saves you more than it costs.

Staying busy

With school out, and hundreds of elementary, middle and high school students in the Glades faced with the endless task of finding that "something to do" to make the summer break away from school seem like a vacation the Herald-Observer has compiled a list of (available activities offered at local schools, libraries, gyms, and parks that are available to the youth in the Glades.

If you and your friends are looking for a good place to "hang out" the Belle Glade Public Library, the Louisa V. York Library in Pahokee or the East Lake Middle School Library in Pahokee could be the place. All three establishments are offering reading programs this summer. Why not take advantage of the offering and brush up and get ahead on your reading skills for the next school year.

We are to learn to swim? To be another Kim Chase? The Belle Glade Recreation Department is offering swimming lessons at the Lake Shore Pool for youth, Monday through Friday throughout the summer.

The Glades Fitness Center is also offering gymnastics for those youngsters interested in the art of gymnastics.

For these and other tips of what you as a youth in the Glades can do this summer to stay in shape both physically and mentally see the Herald-Observer this week.

Speaking of things to do, the Pahokee Chamber of Commerce is busy making plans for the Third Annual Freedom Festival in Pahokee. The celebration which is held on the Fourth of July promises to be filled with action packed entertainment for the young and the old... the country western music fan and the disco fan.

While making plans for your Fourth of July celebration why not include a stop by the Pahokee Marina stop the Herbert Hoover dike for a day with citizens of Pahokee. As grand as ever, the celebration will conclude with the annual fireworks display.

The Mt. Calvary Baptist Church youth will be trying their best to out do the adults at the church when they present their first concert June 21 at the church.

It was said, the Adult Mass Choir concert was something the public shouldn't have missed. The Mt. Calvary youth promises to put on a performance just as good. Make plans to be there...

Staff photo by Scott Ellis

IT'S THE END OF ANOTHER VACATION Bible School at the New Macedonia Baptist Church in the Glades Citizens Village in Pahokee. Students pose with teachers and Deacon Bobby Kennedy at Rev. W.C. Crumity's church Friday at the end of the five-

day school. Miss N.O. Briggs taught the school, with help from Eileen Davidson of Loxahatchee, Ethel Allen, Sally Williams, Carrie Barrett, Lois Kennedy, Lillie Ruth Wade, Bertha Hunter, Sarah Edwards, and Israel Cooper. About 60 students attended.

Cant and hypocrisy

"There is a certain satisfaction in coming down to the lowest ground of politics, for we get rid of cant and hypocrisy."

So said Ralph Waldo Emerson in 1850 in Representative Men.

Emerson could have easily been talking about the 1981 Florida legislature, which has been an appalling display of the way government is conducted these days.

The state legislature has a well known reputation for mandating programs to counties without providing the funds for carrying out the program.

This year, the legislature has been better known for its power struggles, which have nearly erupted into fistfights on the floor of the senate.

At the heart of the controversy is Sen. Dempsey Barron, recently voted one of Florida's most effective legislatures by reporters in a Gannett survey.

Barron has put together a coalition of 12 Republicans and 12 dissident Democrats which has effectively short-circuited the programs of Senate Pres. W. D. Childers. Barron's coalition is a majority in the 40-seat Senate.

Childers recently apologized for his part in the power struggle, but justified it by saying that he wasn't willing to be another of Barron's

puppets. "I had to declare my independence," Childers says.

Childers hasn't exactly been faultless during this bleak period, which has gone into a special 20 day session because legislators were unable to complete their work due to all the feuding during the regular session.

Childers has tried to push through a number of programs for his home district, including a \$2.5 million purchase of a field for an industrial park in Pensacola, \$500,000 to plan an arena at the University of West Florida, and \$75,000 for a study to decide if UWF should add freshman and sophomore classes to the junior and senior classes already offered.

There is nothing wrong with a legislator looking-out after his home district. It's the expected thing to do, especially if the politician has hopes of getting himself re-elected.

There is something wrong, however, when government degenerates to power politics, which disrupts the efficient conduct of the people's business.

The Florida Legislature may have reached Emerson's "lowest ground" this year, but is doubtful that we got rid of "cant and hypocrisy." It was merely exposed for everyone to see.

Life's little problems

If you take care of life's little problems, the big ones will take care of themselves.

Some of those little problems can be troublesome, like curing hiccups. I've never found a truly effective way to cure 'em, though I've heard that picking someone up by the heels will do the trick.

It takes a rather strong person to pick up a full grown adult by the heels, however, and some adults are fuller grown than others.

Even if you get them off the ground, they may not appreciate your efforts, even if you've given yourself a hernia.

Seating heck out of somebody is also rumored to cure hiccups. Of course this could get you slapped silly if you scare the wrong person at the wrong time.

I've also heard that counting backwards to 100, while standing on your head and drinking a glass of water works wonders, but I've never been able to substantiate this.

Besides, when I stand upside down, the blood goes to my head and I blush all too often anyway. But that's another problem.

Another of those problems that I've encountered, but will probably just continue to live with is called the alpha syndrome.

This comes from sleeping. When you wake up in the morning, the hair on the back of the head, or perhaps one or more sides sticks out at the wrong angle.

Now, I know the world won't exactly grind to a stop because of the alpha syndrome, but it is a problem when the afflicted one refuses to sleep with a stocking on his head or to blow a blow dryer — both are for women anyway.

Another problem is the lifting of water restrictions in this part of the world. It's coming one of these days and I'm going to find another reason for not washing my car. I'm not lazy, I just hate to expose all of the rust. Who knows what could happen if it ever came in contact with air. It would spread like wildfire.

I'm not worrying anymore about whether major leagues are going to strike till next year.

I don't really care about their free agent problem. I would have like to have seen Pete Rose break Stan Musial's hit record, but that's his problem.

The lack of sports is really no problem. If baseball dies out another will come along to take its place. Take your pick: volleyball, soccer, even softball, which is probably already the number one participant sport in the country.

Most softball players don't need a free agent clause to play. A lot of them would pay to play.

There are other small problems I can think of, like what to do with my collection of 1964 skinnies ties and getting replacements for my 11 year old wingtip shoes (they don't make them like they use to), but let's not get into them now.

As Ogden Nash once said, "The only incurable troubles of the rich are the troubles that money can't cure, which is a kind of trouble that is even more troublesome if you are poor."

Your turn — Letters to the editor

The judge was right

Editor:
In regards to the news articles concerning Judge Adams' decision to place 20 juveniles in the Detention Center, I feel personally, it was the best solution for those youths. They mainly play "HOOKEY" from school and are often insubordinate toward school officials when they decide to attend. They hang out on the "AVENUE" during the day and at night, often into trouble for vandalism, theft, burglary, and sometimes assault and battery on the elderly and exploitation of the young.

Where are the parents? What can they do? Do they care about their children's education? Your guess is as good as mine. Yes, of course they do. And they can help by taking time and reinforcing what the schools, courts and youth services

agencies feel are the solution.

It is not fair to citizens of this community to be threatened by some teenager, who disrespect their own families and have no future goals for themselves.

Specially, these teenagers come from homes where parent cannot control them, and often they need a great deal of structure, that these parents cannot provide. Parents often feel that it's too late and leave guidance to be provided by "GOD", school and law officials.

What makes it even sadder is when someone finally decides to do something to help protect the kids, attempt to structure their activities and help them to get on the right track they are ridiculed and made to seem like the criminal.

I support Judge Adams in his effort to rectify

problem adolescents here in Belle Glade. I feel it was not his decision alone but the decision of many others; who are concerned about the future, education, health, happiness and integrity of these and of other adolescents and citizens of this community.

During their youth, some DYS Professionals

were put in jail and this was one of the key elements that led to their taking more responsibility for carrying out their jobs. And this, parents, is only a short term solution compared to living a full life with pride.

Ruth L. Howard
Family Therapist

Many contribute to success

EDITOR:
The First Annual Red Cross Barbecue and Fishing Tournament is history! Most everyone feels that it was quite successful. Although we didn't raise quite as much money as we had hoped, we did accomplish some things.

The community had a fun, safe day; the fire department competition had to be the highlight of the day; the food was excellent, all of the entertainment and displays

were great and the fishing was good!

The thing that is the most important is that we had the cooperation, help and participation from you and many, many others.

We, along with Pat and Jerry, would like to express a very sincere and special thank you for all that you did to help.

Most sincerely,
s/Mary and Marshall
Bull
Chairman of Special Events

Don't rob the future

Editor:
No less than our new Secretary of the Interior, James Watt, has taken up the doomsday philosophy and with it the "eat, drink and be merry, for tomorrow we die" mentality. This supposed guardian plunderings of the environment by announcing that preservation for future generations need not be a concern since, in his opinion, few future generations remain before the Second Coming of Christ and the end of this world.

Judging from performance since in office, Watt meant what he said. We must remind him, and our President, that the duty of our government is to operate as though another 2,000 or more years of mankind's "dominion" over the earth still remain possible. It must so operate with the understanding that dominion carries with it the responsibility

for dedicated stewardship rather than the license for reckless consumption and destruction.

Conservation and renewal of dwindling resources must remain a priority, as must encouragement of voluntary limitation of family size in order to limit mankind's demands on those resources, and as must education designed to ensure that these priorities are recognized by future generations of voters and government.

The United States must not be party to robbing those future generations by assuming they will not exist.

Sincerely,
s/ Tom Tomlinson
President,
Florida Zero Population Growth

Mace Sod, G & G Grocery lead mens softball divisions

BELLE GLADE — Mace Sod and G & G Grocery continues to lead the Belle Glade Men's Softball League Division A and Division B going into the fourth week of league play.

On Monday, June 8,

Bonavia Chevrolet squeaked by Okeelanta by a score of 7 to 6. Eden Construction edged Glades Ag Service 10 to 9. Bobby Conipe upset L-8 Lettuce 9-3. G and G Grocery 21-9 over Glades General. EFE 16-11 over

Quaker Oats and Mace Sod stomped First American Bank 13-1. Tuesday evening, June 9, Glades Sugar defeated All Stars 7 to 6. Union 76 16-3 over V.W. Farms. Kentucky Fried Chicken 2-1 over Seminole Supply.

Bobby Conipe 13-1 over Glades Ag Service; EFE 5-3 over L-8 Lettuce and G and G Grocery 8-4 over Eden.

On the final day of play for the third week, Wednesday, June 10,

Glades Sugar rolled over Okeelanta 9-3. Everglades Farm Equipment slipped past Edens 7-6. Bonavia victorious over L Merchants by a score of 6-3. Mace Sod 10-1 over Union 76 and Kentucky

Fried Chicken had a shutout score of 8-0 over Quaker Oats.

Fitness Center strives to make people feel better

Making people feel better and look better is Jerry and Carol Arvine's goal at Glades Fitness Center in Belle Glade.

Last month, the Arvine's opened up what is possibly the only complete physical fitness salon in the Glades. Jerry is also a

black belt in karate, and he offers classes in that oriental self-defense art too.

"We are striving to make our place an all-around health center for both men and women. We offer weight training, karate and gymnastic pro-

grams," Jerry said. "All our fitness programs are personalized, with the goal of looking and feeling better always in mind," Arline said.

The Glades Fitness Center is located in the old Eloise's Gifts/Haze location, in the same plaza with Hughes Pharmacy at

255 Ave E. The center has a large array of weight training and exercise machines, along with a large workout room. Lockers and showers are also provided to members. Membership costs \$30 a month, but other family and budget plans are

available too, Arline said. Jerry, a karate expert and former competition weight-lifter, said he designs a personal fitness program for every member. Continuous monitoring of a member's regimen is part of the program, he added.

Women's exercise periods are 10-8 p.m., Monday, Wednesday and Friday. Men's periods are 5:30-9 p.m., Tuesday and Thursday.

At present, Arline said about 200 persons are active in the center, and about two-thirds of that number are women.

Pahokee graduate plans science musical

Fighting deadlines and getting articles for his paper are common for Michael Seldes, a 1977 graduate of Pahokee High School, who was editor of the Devil's Tale, the school's newspaper.

Seldes, son of Mr. and Mrs. Frank Seldes of 778 East First Street, is now the editor of the University of Florida's Engineering Gator. He will be graduating in June with honors in electrical engineering, and will move to Boston where he will work for Westinghouse.

At Pahokee High School Seldes played on the tennis and golf teams. He was valedictorian of his graduating class. His parents are the owners of Circle 8 Pharmacy.

One of Seldes hobbies is collecting and reading science fiction novels. "There is nothing more realistic than a science fiction novel," he said.

His interest in science fiction has led him to one of his current projects — writing and producing a Broadway science fiction musical. He recently asked Gene Roddenberry, creator of Star Trek, if he would consider producing such a play.

"I think it's a hell of a good idea," Roddenberry replied. "I think that it's time for one."

Besides his work for the Engineering Gator, Seldes is active in other organizations. He is a member and past treasurer of the Institute of Electrical Engineers and the Benton Engineering Council. He is also a member of Eta Kappa Nu, an electrical engineering honor society, and has worked on the University of Florida's Engineers' Fair for the last two years.

Seldes was awarded the Benton Engineering Council's scholarship for winter quarter, 1981. He is also a member of Alpha Epsilon Pi fraternity.

Seldes admits he is not your conventional engineer.

His idea of an engineer defies the standard definition.

"An engineer," explained Seldes, "is just a person who can take a one line equation and make a remarkable one dollar product."

Among his other pastimes, Seldes writes sayings, which he daily writes on the blackboard in the Engineering Gator office.

"Nobody knows what to expect when they walk in there," he said. "It makes their day a bit more unpredictable."

Merrill Lynch tells how to get 12% tax free on your money—without going out on a limb

Come to our next Merrill Lynch Forum.

We'll show you how you can get 12% tax free from investment-grade municipal bonds.

Returns like that could mean an increase of 50% or more in your money's earning power. And while no investment is risk free, investment-grade municipal bonds have a number of built-in safety features.

At the forum we'll cover investment opportunities in all kinds of bonds—corporate, tax-free municipals, and other fixed-income securities. You'll learn how they work. Which could be right (or wrong) for you. And more.

All very informal. With plenty of time for questions afterward.

The forum is free, but space is limited. So reserve your seats now. Call. Or send in the coupon. But come.

Thursday, June 25th, 7:30 p.m.

At Holiday Inn (Public Meeting Room)

St. Rd. 80, Belle Glade

For reservations call Joni Ramsey collect -

Rough diamonds are polished

The teacher asked, "Where do you put the comma in the sentence I just read?" Nearly everyone of the 19 students hands went up. There was no noise except the voice of the answering student. As Janice Small, teacher in the Alpha Center class acknowledged one student at a time, answers were given.

Later, in the cafeteria of Belle Glade Elementary, Mr. Small's class sat eating enthusiastically but quietly in contrast to the other students who seemed to be doing more than eating. They were continually giggling and gesturing wildly. The Alpha students were not sitting with their teacher, but all by themselves.

Once a week the students can buy special games, supplies and equipment at the Alpha store without money, but with their weekly points. What is the Alpha Program? John Asberry, Director of the Alpha Center, says it is a program of education and prevention which is using behavior modification and a system of reward and punishment, plus strong discipline by the teacher.

Ten weeks before these students were selected by their teachers as having disruptive behavior problems. These were academically capable children aged 8-12 years who were underachieving due to behavioral difficulties.

These difficulties may have been caused by a disruption within the family unit which has had a divorce, death or substance abuse.

Asberry, who was born in Riviera Beach, says the success is due to the teacher, parent and student interaction in school and in the home. The students are nominated by the teacher must be granted permission to participate in the program by their parents or guardian. The student's participation is based on the parents willingness to be involved in the weekly parent education classes or family counseling.

The rewards for good behavior, good achievement and punctuality include points for conduct and accomplishment may be traded for various games and useful items are kept in the Alpha Store. The activity center is a weekly reward for excellent achievement. Stickers are given as behavior reinforcement. The reaction by the teacher to behavior good or bad is immediate reinforcement. If the student acts out something which is unacceptable the teacher responds immediately.

Ms. Small, is a strict disciplinarian.

Asberry, who worked with the Drug Abuse Program in Miami, has a M.A. Degree in Counseling Psychology. He also serves as a role model to the students who are mostly from single parent homes. (85 percent of the students live with their mothers). Asberry says, that competition and praise are an important factors in decreasing disruption. Students react favorably to praise which is given during the class. Competition among the students increases positive reaction to the authority. Those who continue to interrupt are separated from the class. Competition among the students increases positive reaction to the authority. Those who continue to interrupt are separated from the class by being made to sit apart from the class.

These thoughts come to the observer.

1. If the program is so good, how can it be made better and expanded?

2. Follow-up is vital in order to reinforce the behavior modification. Jean Cogar, Executive of WPCVHC wants to begin the program at an earlier age before behavior becomes so set.

Sounds good! Why not expand? The answer is a familiar one. FUNDS. Editor's note: David T. Evans of Western Palm Beach County Mental Health Clinic, Inc. (396-2079) is the author of this article.

Winn Dixie sales up

Winn-Dixie Stores, Inc. reported sales of \$487,754,000, compared with \$435,499,000 for the similar period last year, an increase of 12 percent. For the 48 weeks ended

May 27, the total was \$5,715,296,000, compared with \$4,945,354,000, an advance of 15.6 percent. The company opened 64 new supermarkets and closed 33 since last June 25, having 1,223 units in operation as of May 27, compared with 1,186 last year.

Volunteers needed to do interesting and self-fulfilling work with top family planning agency. Training provided. Call today to see how you can help others -- 305/996-4223 Planned Parenthood Glades Center 141 N.W. 2nd St., Belle Glade

Rough diamonds are polished

The teacher asked, "Where do you put the commas in the sentence I just read?" Nearly every one of the 19 students hands went up. There was no noise except the voice of the answering student. As Janice Small, teacher in the Alpha Center class acknowledged one student at a time, answers were given.

Later, in the cafeteria of Belle Glade Elementary, Mr. Small's class sat eating enthusiastically but quietly in contrast to the other students who seemed to be doing more than eating. They were continually giggling and gesturing wildly. The Alpha students were not sitting with their teacher, but all by themselves.

Once a week the students can buy special games, supplies and equipment at the Alpha store without money, but with their weekly points. What is the Alpha Program? John Asberry, Director of the Alpha Center, says it is a program of education and prevention which is using behavior modification and a system of reward and punishment, plus strong discipline by the teacher.

Ten weeks before these students were selected by their teachers as having disruptive behavior problems. These were academically capable children who were underachieving due to behavioral difficulties.

These difficulties may have been caused by a disruption within the family unit, which has had a divorce, death or substance abuse. Asberry, who was born in Riviera Beach, says the success is due to the teacher, parent and student interaction in school and in the home. The students are nominated by the teacher must be granted permission to participate in the program by their parents or guardian. The student's participation is based on the parents willingness to be involved in the weekly parent education classes or family counseling.

The rewards for good behavior, good achievement and punctuality include points for conduct and accomplishment may be traded for various games and useful items are kept in the Alpha Store. The activity center is a weekly reward for excellent achievement. Stickers are given as behavior reinforcement. The reaction by the teacher to behavior good or bad is immediate reinforcement. If the student acts out something which is unacceptable the teacher

responds immediately. Ms. Small is a strict disciplinarian. Asberry, who worked with the Drug Abuse Program in Miami, has a M.A. Degree in Counseling Psychology. He also serves as a role model to the students who are mostly from single parent homes. (85 percent of the students live with their mothers). Asberry says, that competition and praise are an important factors in decreasing disruption. Students react favorably to praise which is given during the class. Competition among the students increases positive reaction to the authority. Those who continue to interrupt are separated from the class. Competition among the students increases positive reaction to the authority. Those who continue to interrupt are separated from the class by being made to sit apart from the class.

These thoughts come to the observer:
1. If the program is so good, how can it be made better and expanded?
2. Follow-up is vital in order to reinforce the behavior modification. Jean Cogar, Executive of WFLVCHC wants to begin the program at an earlier age before behavior becomes so set.

Sounds good! Why not expand? The answer is a familiar one. FUNDS. Editor's note: Don T. Evans of Western Palm Beach County Mental Health Clinic, Inc. (996-2079) is the author of this article.

Winn Dixie sales up

Winn-Dixie Stores, Inc. reported sales of \$487,754,000 during the four weeks ended May 27, compared with \$485,499,000 for the similar period last year, an increase of 12 percent. For the 48 weeks ended

May 27, the total was \$5,715,296,000, compared with \$4,945,354,000, an advance of 15.6 percent. The company opened 54 new supermarkets and closed 33 since last June 25, having 1,223 units in operation as of May 27, compared with 1,186 last year.

Birth expectations survey scheduled

How many children do married women expect to have within the next five years? Will they average

the same number as in the recent past? Answers to these questions will help indicate the future growth and composition of the Nation's population, data vital to planners both in government and private business.

Forrest P. Cawley, Jr., Director of the Bureau's Regional Office in Atlanta, announced today that information on birth expectations of American

women will be collected during the week of June 15-19, 1981, from a sample of households in this area. The questions are in addition to those usually asked in the monthly survey on employment and unemployment conducted nationwide by the Bureau for the U.S. Department of Labor.

Households in this area are part of the sample of

71,000 across the country scientifically selected to represent a cross section of all U.S. households.

Results of this monthly survey provide a continuing measure of economic conditions in the Nation.

The April survey indicated that of the 106.7 million men and women in the civilian labor force, 99.0 million were employed.

The Nation's unemployment rate was 7.3 percent, unchanged from March.

Information supplied by individuals participating in the survey is kept strictly confidential by law and the results are used only to compile statistical totals.

Interviews who will visit households in this area include Mrs. Selma Leavitt, Mrs. Lois Robinson, Mrs. Nancy Davis, and Mrs. Dianne Merklein.

MAUDE LAYFIELD, A Lake Harbor artist, poses with one of her creations, "Florida Panther."

Layfield honored at reception

BELLE GLADE — Florida National Bank on Wednesday, June 10th was the scene of a gathering of friends and relatives of Mrs. Maude Layfield to open her presentation of paintings.

Mrs. Layfield, a veteran painter of eighteen years has won recognition both in the Glades and on the coast.

A popularity vote by the guests for a favorite picture went to "In The Garden, with second place going to Sunset Tropic.

Hostesses for the recep-

tion were Mrs. Dan Carpenter of Pahokee, Mrs. August Kirchman, of Belle Glade, Mrs. Michael Midousky, South Bay and Margaret Earwood of

Belle Glade. The show will be on display through June 19.

Mrs. Layfield was the wife of the late Henry Layfield, a longtime Lake Harbor farmer.

Cabrera and Bass to exchange vows Friday

Frances Cabrera of Belle Glade will be united in marriage at 8 p.m. in the United Methodist Church in Pahokee with the Rev. Donovan officiating. Friends and family of the couple are invited to attend.

Groves and Meeks to wed on June 27

Linda Groves of South Bay announces her impending marriage to Hall Meeks of Belle Glade. The bride-elect is the daughter of Lee Groves of Belle Glade and Judy Melfy of West Palm.

The groom-elect is the son of Mrs. Becky Meeks of Belle Glade and the late Cecil Meeks.

The couple plan to be married on June 27 at 7:30 p.m. at the First Baptist Church in Belle Glade. Chaplain Major Alfred Meeks, uncle to the groom-elect, will perform the ceremony. A reception will be held afterwards. No local invitations will be sent. Friends and family of the couple are invited to attend.

Dr. Evans' weekly travel takes him many places

BELLE GLADE — When the Rev. David T. Evans, Jr., decided to move to Belle Glade some years ago to pastor the Everglades Presbyterian Church it meant a new start in a not so familiar place with his family.

Since coming to Belle Glade three years ago from the First Presbyterian Church of St. Petersburg, Rev. Evans has completed work on his doctorate degree in the ministry from San Francisco Theological Seminary in San Anselmo; involved himself with numerous community organizations including being elected treasurer of the Association for Retarded Citizens — Glades Area Board of Directors and being named Pastoral Counselor for the Western Palm Beach County Mental Health Center.

Rev. Evans is also a member of the Human Relation Board and numerous other community organizations.

A member of the Adult and Community Education staff of the Palm Beach County school system, Rev. Evans' weekly travels also take him to the Palm Beach County Sheriff's office inmate holding station in Belle Glade to teach inmates awaiting trial.

On Monday and Tuesday of each week, Rev. Evans teaches an Adult Basic Education class at the holding station (the old City of Belle Glade jail) to approximately 12 individuals.

Rev. Evans said he has been involved with the program 18 months which teaches basic reading and writing skills and prepares the students to take the Florida General Education Development (G. E. D.)

examination.

Since he began his travels to the holding station twice a week, Rev. Evans said six inmates have received their G. E. D. test. An accomplishment Rev. Evans is proud of.

Rev. Evans said the inmates are awaiting trial dates and the average length of stay for each inmate is approximately three months.

The class which meets in the dining room facilities of the old jail house is bare except for a black board. On each visit Rev. Evans brings in supplies provided by the Palm Beach County School System and himself.

The course is free to the inmates and only those with no previous discipline problems are allowed to attend.

Rev. Evans said he has only encountered minor discipline problems.

Rev. Evans said "The biggest distraction in the classroom is passing motorists," he said the students have a tendency to go to the windows to look out at passing cars and people.

During the two hour course, the students work on a variety of subjects from Math to English, as a group and independently.

At the end of the course, the inmates all say goodbye to Rev. Evans (called teach by most of the inmates) as he makes his journey to one more community activity the Reverend has involved himself in since coming to Belle Glade.

REV. EVANS assisting students with their reading and writing skills has helped six

students received their GED since the program opened.

REV. EVANS, affectionally called "teach" by the inmates explains a point to two students.

REV. EVANS standing at the Black board instructs students on word usage.

Local clubwomen plan to attend FAWC

BELLE GLADE — Many delegates from the Glades will be attending the Florida Association of Women and Girl's Clubs convention when it convenes in Ocala at the Ramada Inn, June 20 through 24.

Mrs. Ida Mizell, president of the City Association of Women's Club of Belle Glade said she is sure all 15 clubs of the city association will be represented at the seventy-third session of the convention.

Among the many activities of the convention will be the Miss F.A.W.C. Extravaganza with Mrs. Joan Bass of Belle Glade as the state coordinator.

Mrs. Bass will be representing the Elite Community Club at the convention.

A workshop will be held

on Tuesday, June 23, on "Better Health". Mrs. Mizell will be serving as coordinator of the workshop and Miss Daisy McCoy of Belle Glade will serve as moderator of the panel.

A parade of countries by local presidents, state presidents and past presidents will make it's debut in this year's activities. The event will be coordinated by Mrs. Willie M. Adams, 4th vice-president of the state and president of the La Chic Mesdames Social Club of Belle Glade.

Miss LaVoise Taylor, a member of the Elite Community Club, of Belle Glade will serve as narrator for the occasion.

Delegates from the Glades attending the convention will be Mrs. Ida

Burns named employee of the month

BELLE GLADE — Marilyn Burns employed with Glades General Hospital since 1976 was named employee of the month by

Patrick Lennon, hospital administrator at an awards ceremony on May 28. Mrs. Burns joined the

hospital staff on Nov. 15 of 1976 as a dietary aide. She is currently a computer operator. A native of Jones, La., Mrs. Burns

and her husband, Hose are the parents of two children. According to her supervisor, David Ryan, Mrs.

Burns has intensive and detailed knowledge of her job and is constantly seeking to expand that knowledge.

Mrs. Burns is noted at Glades Central hospital as an outstanding employee and a very nice person to work with.

Mead and Tyson retires from Pahokee Elementary

ALYCE TYSON with the silver plate she received from Pahokee Elementary at her retirement luncheon last week.

After more than 30 years in teaching, Mrs. Sue Mead, 70, was honored at a retirement luncheon last week at Pahokee Elementary School.

Mrs. Alyce Tyson, 59, a teacher for 15 years (15 at Pahokee Elementary), was also honored by friends, faculty and administrators at the dinner, including West Area Superintendent Jack Redding.

"Watching children accomplish things are what I've enjoyed most," Mrs. Mead, wife of retired plumbing contractor George Mead, said. Mead and Tyson both retired at the end of the 1981 school year.

Mrs. Mead and Mrs. Tyson both taught fourth grade. Mead taught at Pahokee for nine years, after stints with Canal Point, South Bay and Clewiston. Tyson taught at Glades Day for two

years before coming to Pahokee.

Mrs. Tyson was married to the late Judge J. L. Tyson, a former magistrate judge for the Glades District. She moved from her native Mississippi to West Palm Beach in 1949 and the Glades in 1957.

A native Floridian, Mrs. Mead has lived in Pahokee since 1922. She received her bachelor's degree from Florida State University. Her and her

husband plan to go every year to their summer home in the Blue Ridge Mountains, returning each fall to Pahokee, for the winter months.

Principal Harris Blumberg and Director of Elementary Education Mercedes Robinson presented mementos and silver plates to Mead and Tyson, commemorating their years of service.

"This is such a sweet group," Mead said. "You

know, I feel like this is graduation day or something."

Tyson also commented on her years of teaching, saying Pahokee Elementary has improved substantially during her tenure.

"I have a lot of nice memories of Pahokee Elementary. I hope to be back this fall helping out," Tyson said.

SUE MEAD, with her silver commemorative plate that she received at her Pahokee Elementary retirement luncheon last week.

FAU courses offered at PBJC-Glades

BELLE GLADE — The summer quarter schedule of Florida Atlantic University Continuing Education courses at Palm Beach Junior College — Glades Campus will begin Monday, June 22.

courses will be at the first class meeting with the last opportunity to register at the second class meeting.

Courses, first meeting dates and times are listed as follows: EDS 6100 Leadership, June 22, 3:30-9:10 p.m.

EDE 4304C Physical Education: Elementary School, June 24, 3:30-9:10 p.m.

LAE 4310 Language Arts: Elementary School, June 25, 3:30-9 p.m. All classes will be held in room SC101 at the junior college.

REV. DAVID T. EVANS

EVERGLADES PRESBYTERIAN CHURCH

June, 1981 is an important month in the life of our writer. He will complete 25 years as an ordained Presbyterian Church U.S. minister and will receive his Doctor of Ministry Degree. Twenty-five years of service is more easily understood than the degree.

The Doctor of Ministry is an earned degree and the professional doctorate for ministers and church professionals. The work includes a year of collegium sessions with seven other ministers. This collegium meets twice monthly for a total of sixteen hours of lectures, organizational development problems and leadership exercises under a professor on the San Francisco Seminary faculty.

With the completion of the first year with recommendation for degree candidacy, the students (including our writer) spent the summer at the seminary campus in California taking theological, ecclesiastical and practical courses from outstanding faculty members.

The second year was spent in participating in special seminars such as Gestalt therapy and Biblical theology. In addition the work began in earnest on the D/P (dissertation/project).

The topic must be approved by the Advanced Pastoral Studies Committee. The topic describes the project, its scope and definition. When the topic is approved, then the design must also be approved. The design outlines in detail the steps to be taken in writing the D/P. The design is discussed with an approved advisor.

Your writer chose to write about his work as a volunteer pastor with the Meadowlawn Presbyterian Church a congregation in north central St. Petersburg. This church had a successful start in 1957. In five years it had grown to nearly 350 members but the neighborhood began to change. The ministers who became pastors of Meadowlawn did stay long and the changes caused first a leveling off of growth and then decline set in. In 1977 the membership was down to 67.

The dip was entitled "The Delicating Congregation in a Highly Mobile Community." A study was made of suburban social, economic and religious aspects of urban and suburban communities.

A study was also made of these aspects of the Meadowlawn Community. Your writer then wrote a narrative of his work with a strategy committee that had been formed to develop a plan of action for the church.

The dissertation was concluded with a summary of the work and a detailed analysis of working with the declining congregations. The dissertation had to be approved by the advisor and then by the A.P.S.

Committee.

So after a few short years (6) and rewrites (3), anxiety attacks (about 100) and headaches (about 1000), the Doctor of Ministry will be awarded next September in San Anselmo, California.

The prayers and the encouragement of my wife, the advisor and friends have helped the successful completion of this cherished degree.

Mt. Calvary plans youth programs

BELLE GLADE — The Mt. Calvary Baptist Church, 46th Street, is planning a number of activities during the month of June geared for youth of the community.

On Saturday, June 20, the youth department of Mt. Calvary Baptist Church will sponsor a softball tournament beginning at 10 a.m. at the Okeechobee Center Park.

Candy apples, hot dogs, cold drinks and cup cakes will be available. The public is invited to attend.

The Rev. Cleophas Robinson of Bethlehem Baptist Church of St. Louis, Mo., will be preaching at the church Wednesday, June 26, and will be accompanied by the mass choir. Services will begin at 7:30 p.m. Admission is free.

Rev. Robinson is a well known minister on radio station WLAC, Randy Gospel Hour Record Shop. Rev. Robinson will also be appearing at the Bethel Baptist Church in Okeechobee at 7:30 p.m., on Friday, June 26.

The youth of the Mt. Calvary will be in concert, Sunday June 21, at 7:30 p.m. Admission is free and is open to the public. The annual youth day of Mt. Calvary will be held Sunday, June 28.

The youth will be in charge of the services for the entire day. Services will be held at 11 a.m. and 3 p.m.

The theme for the day will be "The Year of the Child." Linda Williams, serving as the youth chairperson and Mrs. Mary Harrell as the general chairperson.

The public is invited to attend these services.

Spec. Miller arrives at Ft. Ord, Calif.

Spec. 4 Theophilus J. Miller, son of Mr. and Mrs. John L. Miller of 763 Palm Blvd., Pahokee, has arrived for duty at Fort Ord, Calif.

Miller, an electronics specialist with the 7th Infantry Division, was previously assigned at Randsburg, Wash. County.

His wife, Alfreida, is the daughter of Mr. and Mrs. Arthur Lammons of 910 Palm Blvd., Pahokee.

CORRECTION

Brian Kelly tied with Tammy Thomas for second highest grade point average at Past Lake Middle School this year. Information supplied by the school to the Herald-Observer unintentionally mentioned as having one of the top grade point averages in the school.

The Herald-Observer regrets the error.

Roth and LeCroy to exchange vows

Final wedding plans are announced for Miss Christy Roth and Dennis LeCroy.

The couple will exchange vows Friday, June 26 at 7:30 p.m. at the Belle Glade Alliance Church with Rev. Mark O'Farrell officiating.

A reception will follow the ceremony in the reception hall of the church.

Miss Roth is the daughter of Mr. Raymond R. Roth of North Palm Beach and Mrs. Mary H. Roth of Belle Glade.

The groom-elect is the son of Mr. and Mrs. Thomas LeCroy of Huntsville, Ala.

No local invitations are being sent. All friends and relatives are invited.

Correa and Castro final plans given

The ceremony at the Clewiston Country Club.

Mr. and Mrs. Manolo Correa of Clewiston announces the final wedding plans for their daughter, Elena Jose E. Castro, Jr., the son of Mr. and Mrs. Jose E. Castro, Sr. of Belle Glade.

The couple will exchange vows Saturday, June 20, at 8 p.m. at St. Margaret's Catholic Church in Clewiston. Father A. Balado will officiate.

A reception will follow the ceremony at the Clewiston Country Club.

Survivors include his wife, Kathryn; sons: Willie Veal Jr., Branford, Fla. and James Frank Veal, Ft. Pierce; brothers: Felix Veal, Sandestin, Georgia and Vernon Veal, Deepstep, Ga.; sisters: Marybelle Doolittle and Grace Hood, Deepstep, Ga.

Join Us in Worship - Regularly

IN THE CHURCH OF YOUR CHOICE

TO SEE OR NOT TO SEE

If you had a crystal ball, would you use it? Would you really want to know what's ahead for tomorrow, next week, next month, next year?

Most of us wouldn't. In fact, very few of us could take too much revelation. Life was meant to be lived a day at a time, without too much looking forward, without too much looking back.

And most of us haven't something, something bigger than we are, something we can trust... something where we can be in peace for a time and know why.

Try your place of worship. It's the place where you can get the courage today to face tomorrow.

Hurricane tracking maps available

With the advent of the hurricane season the South Florida Water Management District has again produced "Freddy's Hurricanes Guide" for residents of South Florida.

Featured in this year's guide is a large, 17 1/2" x 24", North Atlantic hurricane tracking chart that will allow residents to

track storms this summer. The chart also lists the names of hurricanes for the years 1961, 1962, and 1963, and gives space for keeping track of advisories regarding the tropical storms and hurricanes.

Other features of the handy guide are a complete listing of safety measures before, during

and after the storm. The District advises that strict adherence to these guidelines could save lives and property damage.

Uncommon terms are often used by weather stations before and during the storm. The major terms frequently used are explained in such a way that everyone can under-

stand them. Another article in the Guide explains just what causes hurricanes and how they are formed, how they move, and answers many other questions that are frequently asked.

One section is devoted to what the South Florida Water Management District does to protect lives and property during a

major storm. This guide is available at no cost by writing "Hurricane Guide," SFWMD, P. O. Box V, West Palm Beach, Florida, 33402, or by

stopping by the office at 3301 Gun Club Road, West Palm Beach, Florida, 33402, or by

Deltas sponsor nutrition workshop

BELLE GLADE — The members of the Glades Alumnae Chapter of Delta Sigma Theta Sorority will sponsor a "Nutrition Workshop and Buffet" at the Glades Central Annex Cafeteria on June 27 from 3 to 6

p.m. Mrs. Helen Cato, a member of the sorority said the workshop and buffet is for parents who want their children to do better in school, be better behaved and healthier.

The guest speakers will include a pediatrician, home economist and nutritionist. Mrs. Cato said the theme of the workshop is the "Importance of good nutrition and how it improves your child's

learning, behavior and health." Mrs. Cato said the sorority is looking forward to seeing parents interested in raising healthy and successful students.

Q: Live in a mobile home park and am very confused about the role of the owner of that park. If we sell our own coach, he insists that we owe him ten percent of the selling price. This man is not a realist. Does he have a legal right to this?

A: The relationship between a mobile home park owner and a mobile home owner who rents space in that park is a unique landlord/tenant relationship that is governed by the general laws of landlord/tenant and the Florida Mobile Home Landlord and Tenant Act passed in Florida Statutes §83.750 - §83.794. The Act provides for certain rights and obligations that may be enforced by the mobile home park owner and the mobile home owner who rents space in that park.

Due to the complexity of the law, questions answered in this column are of a general nature and may not necessarily apply to a similar legal problem.

Sunshine bass are no joke

TALLAHASSEE—You know those jokes that start, "What do you get when you cross..." Well, biologists for the Game and Fresh Water Fish Commission came up with a cross that no one is laughing at.

The cross is between white bass and striped bass and the result is a sunshine bass, a feisty, fast-growing fish that has everyone smiling, biologists and anglers alike.

The sunshine bass saga began almost ten years ago, in 1972, at the Commission's Richloam Hatchery, recalled one of the fisheries biologists who developed the cross, Forrest Ware now chief of fisheries research.

The Commission had been stocking Florida waters with striped bass, a popular salt-water fish with legendary fighting ability and an effective predator on shad. Success with the pure striped,

however, had been limited. Ware said, so the idea of crossing the striped with another species or "hybridizing" developed.

Using white bass from the Apalachicola River and stripers from Lake Talquin, a new fish was spawned and dubbed "the sunshine."

Shaped like a large-mouth bass but with a smaller mouth, the new fish gets its silvery lines and its black lateral lines from its parents, but, unlike them, its sex is to eight lines are broken.

Effective on shad, fiercer than a largemouth and good to eat, the sunshine grows to a catchable size faster. With a year, it can reach one pound, be two to three pounds the second year and over five pounds by the time it reaches three.

Sunshines do not reproduce so they must be stocked annually. So far, some 20 million fingerlings have been reared in the hatcheries and then transplanted in major lakes and rivers across the State.

Some of the more than 180,000 acres of public waters receiving the hybrid in this area include Lakes Osborne, Ida, and Catherine in Palm Beach County and Blue Cypress in Indian River County.

"And we are planning a massive stocking effort in the St. Johns River with more than a half million fish set for release," Ware added.

It wouldn't have done the Commission much good if sunshine bass couldn't be caught by fishermen. So, prior to the project becoming a full-fledged part of the fisheries management program for the State, Ware said techniques

were studied to determine the best way to land a sunshine.

"There is really no mystery about it," he said. "The biggest trick was learning the seasonality of the fish. Fishing is hottest when the weather is the coolest, beginning in October in the south part of the state and November in the northern part and stretching into May and April in the north."

When the peak season hits, fishermen watch for signs of schooling fish feeding on small bait fish or shad. Trolling is also an effective method of locating sunshine when the surface feeding is slow.

Some of the lures sunshines seem to prefer are diving minnows, jigs, small spinner baits or 1 1/2 inch spoons. Small, light (one-eight to three-eighths ounce), lures are best retrieved fast with a jerky motion.

Since sunshines are found throughout the State, fishermen in the different areas have come up with local favorite lures for the fish. For example, those anglers frequenting Lake Osborne in Palm Beach County have discovered the fish prefer packaged salt-water bait shrimp. The shrimp are hooked and rigged with 12 to 18 inches of monofilament line preceded by a swivel and sliding lead sinker. The lead weighs 10 to 12 pounds and water action pushes the shrimp in a bouncing action off the bottom.

Local fishermen have learned that slow trolling with small shad-like plugs is also an effective way of catching sunshines.

When the peak season is in full swing, it is not difficult to reach the limit of six sunshines. And a boat isn't always necessary. Anglers along the Apalachicola River find one helpful when fishing the delta area but it's bank fishing that's popular at Lake Osborne.

Those who go after sunshines at Lakeland's Lake Parker just line up along the pier and drop a line.

Because of the fish's fondness for certain lures, speck and bass fishermen occasionally snag one. When they do, the fight is on. Although sunshines do not jump, they are capable of powerful,

diving lunges expected of fish twice their size. No one knows yet just how big sunshines will grow. The State angling record is 14 pounds, one ounce from the Apalachicola River, the same spot where a fisheries biologist using a shocking device retrieved a 16-pounder earlier this year.

Mills said there will be three categories of costumes in each category. Period music will be provided by Fenix Light and Sons. Production and costumes are priced at \$3 per person and \$5 per couple.

Mrs. Mills said the club is holding the party in an effort to raise funds to build a six foot ski jump.

50s-60s dance set for Saturday

BELLE GLADE — A Fifties and Sixties party is being held Saturday night in the Green Room of the Holiday Inn.

The party, being sponsored by the Sunshine Water Sports Club Limited, will feature fifties and sixties music and there will be prizes for the best costumes.

Club President Carol

Kappa Alpha Psi plans disco Friday

BELLE GLADE — The newly chartered Belle Glade-Pahokee Alumni Chapter of Kappa Alpha Psi Fraternity will sponsor its first activity of the year since its chartering in February on Friday, June 19, at the Lake Shore Civic Center.

The fraternity will present "Kappa's Disco" featuring the battle of the disc jockeys with Hiaw-

tha Plair and Cedric Russell. Admission is \$5 in advance and \$7 at the door. The affair will begin at 9 p.m. and it is R.O.B.

Tickets can be purchased from Eddie Rhodes, Charlie Laws, Michael Joseph, Johnnie Webb, Keith Babb, Lomie Devosse, Robert Hart, Gerome Govan and Jerry Ford.

901 AUTOS FOR SALE

CREDIT PROBLEMS?

If your loan application to purchase a new or used car was turned down by the bank or other lending institution, the Stewart's may have good news for you. For a limited time, we have over \$200 million dollars available for auto loans. Credit requirements are more liberal than what you've probably experienced. Terms are longer, and no down payment is necessary. Interest is well below prime lending rates charged by most banks.

Call now and drive home today in a new Pontiac, Toyota, Mazda, Fiat or Peugeot. Call for an appointment or come in. Ask for Mr. Foster, Special Fund Finance Manager.

Pahokee athlete to play at Bethel

Bethel College Head Football Coach Kent Rogers, has announced the signing of a prep star Jorge Torres, a 5'10", 212 pound, linebacker from Pahokee High School.

As a three year letter winner for Pahokee, Tor-

res played nose guard and linebacker. In his junior year, he was voted the unsung hero. His senior year he was voted the most valuable player on the squad. Besides football, he has been a two year starter on the base-

ball team. Led the squad in home runs. Jorge is undecided about his major area of study. His high school coach was Antoine Russell. He is the son of Mr. and Mrs. Ramona Torres of Pahokee.

Annual fruit fest planned

Many area residents enjoy growing exotic tropical fruits in their home landscapes but often times newcomers or people that are not familiar with these fruits wonder what they taste like or how they can be used.

Each year the Cooperative Extension Service, Zill's Mango Nursery and the Palm Beach Chapter of the Rare Fruit Council International sponsor a Tropical Fruit Festival which features a display of unusual tropical fruits and also provides an opportunity for residents to sample many of these.

This year the Annual Tropical Fruit Festival will be held on Sunday, June 28, at the Mounts Building, 531 North Military Trail West Palm Beach, from 1 to 6 p.m.

In addition to the display of over 100 types of rare fruits, there will be samples of many of these that are in season as well as products prepared by the Extension Home Economists from fruits that are in season.

Recipes and cultural information will be available and the Mounts Horticultural Learning Center at the rear of the Mounts Building will be open between 12 and 6 p.m. to allow residents attending the Fruit Festival to view be open between 12 and 6 p.m. to allow residents attending the Fruit Festival to view the extensive tropical fruit plantings in the park.

Anyone who is interested in seeing and tasting

some of the many rare and unusual tropical fruits which can be grown in South Florida should mark their calendar now to attend the Tropical Fruit Festival on Sunday, June 28, from 1 to 6 p.m. at the Mounts Building.

Everyone is welcome regardless of race, color, sex, or national origin.

For additional information call 683-1777 weekdays from 8:30 a.m. to 5:30 p.m.

GED exams slated

The Florida General Education Development examination will be given at the Glades Central Community School Annex on the evenings of July 28, 29, and 30. The exams start at 6 p.m. Three evenings from 6 till 9 are required for full testing.

The last day of the registration for the testing will be Thursday, July 23rd, at the Annex Adult Education Office, phone number 305/996-4950.

Retales are available and the tests may be taken in English or Spanish. The next testing dates are: Aug. 25, 26, 27, Sept. 29, 30, and Oct. 1.

Trash schedule

BELLE GLADE — The city sanitation department will pick up trash in the Northwest section of the city beginning Monday, June 22, through Friday, June 26.

Anthony Williams, supervisor of sanitation, said residents living in the Northeast, Southeast and Southwest sections of the city may place trash in plastic bags for curbside pickup on Wednesday, June 24.

Williams said he would also like to encourage area residents to not place garbage on trash pick up sites.

City residents having large appliances such as sofas, chairs, stoves and

refrigerators for pick-up are asked to call the sanitation department and report the items for pick-up information.

Williams said every effort will be made to pick the appliances the day of the call or as soon as possible.

"With school out and kids outside playing the chances of a child injured or locked in a refrigerator is increased," said Williams.

Local student receives degree

Joseph B. Nathan III of Belle Glade recently received a Master of Divinity degree from Bethel Theological Seminary. He will be in San Diego, California until August with the Equipippers program, a six-month internship in evangelism and church growth. He is one of seven Bethel students involved in the program.

The 1981 seminary commencement exercise concluded the seminary's 110th year in granting 71 men and women Master of Divinity, Master of Arts in Theological Studies, Master of Education, Master of Theology, and Doctor of Ministry degrees on June 6.

Bethel Theological Seminary is located in Arden Hills, Minnesota with an extension campus in San Diego, California.
